

XI. Class 3 post offices

KOMAGFJORD

Komagfjord post office was established in a departmental letter of September 21st 1846. The post office got a numeral canceller "157" in August 1856, but no immediate date-stamp following the withdrawal of the numeral canceller in 1859. The first 1-ring circular date-stamp was received in February 1876. From 1859 to 1876, the sub-postmaster generally used pen manuscript of office's name to cancel postage stamps and envelopes dispatched from the post office
